INDUSTRY SAFETY TRAINING

INSPECTION PROCEDURES

KNOW THE PROPER INSPECTION PROTOCOL

This course is designed to teach the importance and need of legally required inspections

Keeping your trucks compliant and safe can help you save time and money. Load failures, fines, accidents and injuries are preventable and are usually caused by lack of attention. This program offers:

- Understand legal requirements
- Knowledge about pre and post-trip protocols
- Reduce driver downtime
- Reduce roadside calls and service failures
- Learn to handle roadside inspections
- Certificate of Completion

This 5-hour course includes:

- Inspecting brake systems
- CMV Inspections
- What the law requires
- Pre-trip, en-route and post-trip
- Inspections and CSA
- Reviewing possible fines, and much more
