INDUSTRY SAFETY TRAINING

HAZMAT COMMUNICATION RULES

ENSURE PROPER KNOWLEDGE OF HAZARDOUS MATERIAL TRANSPORT

This course is designed to ensure safety and compliance when shipping hazardous materials

Government regulations mandate that all drivers have a current and working understanding of hazmat rules and procedures. This program covers:

- Skills in communicating transport risk
- Understanding of emergency protocols
- What's required and how to comply
- Knowledge of proper labeling
- Shipping documentation codes
- Understanding who's responsible

This 6-hour course includes:

- Regulations and agencies
- Intent of the regulations
- Shipping papers
- Package labels and markings
- Hazardous waste manifest
- Hazard class tables, and much more
